CITY SLAB BUILDING CONTRACTING L.L.C

CITYSLABDUBAI@HOTMAIL.COM

About Us.

City Slab Building Contracting LLC was founded in 2021 and immediately made significant contributions to the construction and real estate development landscape of Dubai. By employing a team of experienced technical and administrative professionals from both within and outside the UAE, the company has successfully completed and delivered numerous projects with a combined value exceeding AED 300 million.

We are currently executing 15 active projects with a total value exceeding AED 40 million in several key areas, including but not limited to:

- **Al Awir First.**
- **Wadi Alshabak.**
- **Madinat Hind 3 & 4**
- **Nadd Al Shiba 3 & 4**
- **Al Quoz**
- **Nad Hessa**

Our highly skilled team includes:

- **4 Dubai Municipality-approved engineers with Ground and unlimited approvals.**
- **5 supervisors and technicians.**
- **5 administrative and executive staff.**
- **85 workers specializing in all aspects of architecture and construction, including carpenters, blacksmiths, plumbers, painters, bricklayers, wall cladders, and ceramic installers.**

CAPABILITIES

City Slab Building Contracting LLC is equipped with all necessary machinery, equipment, and vehicles to ensure the swift and high-quality execution of our projects. Our comprehensive inventory of construction assets enables us to meet project deadlines and deliver exceptional results.

Our Vision & Goals

At City Slab, we strive to lead the construction sector in Dubai by upholding the following principles:

- **Providing the Highest Quality Standards**

We aim to deliver construction services that ensure the creation of strong and durable facilities, exceeding our clients' expectations.

- **Commitment to Delivery Dates**

Punctuality is key to our operations, and we guarantee the completion of projects within the agreed timelines, boosting client trust and satisfaction.

- **Using the Latest Technologies**

We continually incorporate the latest technological advancements in construction, including modern machinery and engineering techniques, to improve efficiency and productivity.

- **Achieving Environmental Sustainability**

By adopting eco-friendly practices, we contribute to sustainability and support Dubai's vision of becoming a smart, sustainable city.

- **Developing Our Workforce**

We invest in the continuous development of our team through training and upskilling, ensuring that our workforce remains at the cutting edge of industry standards.

- **Building Long-term Client Relationships**

We value our clients and aim to build trust-based, long-term partnerships, ensuring satisfaction at every stage of the project.

- **Expanding in Local and International Markets**

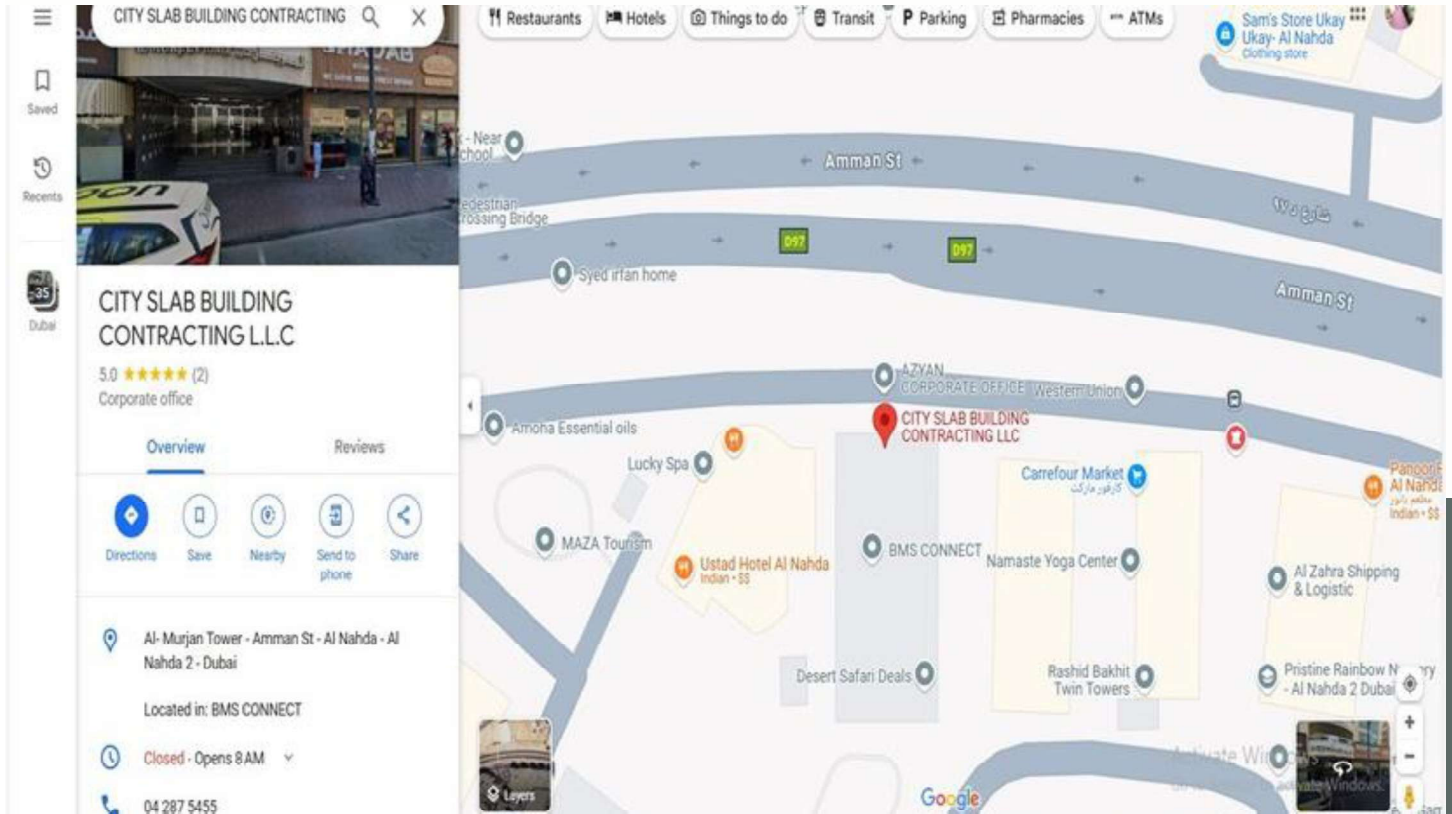

Our goal is to expand both within Dubai and into international markets, leveraging our reputation for delivering high-quality, cost-effective solutions.

Excellence in Dubai's Construction Market

City Slab distinguishes itself in the highly competitive Dubai construction market by:

- **Flexibility and Adaptability:** We are equipped to handle the rapid changes in market demands and provide innovative solutions to meet diverse client needs.
- **Focus on Safety and Quality:** Our commitment to the highest safety standards ensures the well-being of both our workers and clients, while maintaining international standards of quality.
- **Supporting Dubai Vision 2040:** We actively contribute to Dubai's urban development strategy by participating in key infrastructure and real estate projects aligned with the Dubai Vision 2040.
- **Price Competitiveness without Compromising Quality:** We provide cost-effective construction services while maintaining our rigorous standards, giving us a competitive edge in the market.
